

*Comprehensive Training Solutions When Lives Are On The Line*

**FOR IMMEDIATE RELEASE**

**Advanced Interactive Systems Noted as Center For Manufacturing Excellence**

**SEATTLE – March 1, 2005** – The Manufacturing Skills panel at Shoreline Community College announced today that it has deemed Advanced Interactive Systems, Inc. (AIS) as a Center for Manufacturing Excellence. AIS is a premiere manufacturer of simulation systems in Seattle, Washington and customized simulation weaponry in its division in Melbourne, Florida

“AIS’ focus on quality processes ensures our customers have reliable training capabilities,” stated John Reynolds, Quality Assurance Director, “That is our overarching goal.”

The news follows AIS’s recent appointment as the United States distributor for AirMunition products, based in Switzerland. AIS has documented significant reliability rates for its custom weapons conversions utilizing AirMunition recoil rounds. AIS tests and provides warranty for all products it manufactures or distributes.

*About AIS*

Advanced Interactive Systems, Inc., ([www.ais-sim.com](http://www.ais-sim.com)) provides comprehensive training solutions for people in positions where lives are on the line, including aviation, law enforcement, military, government, security, corrections and emergency responders. AIS builds PRISim training simulators that provide lethal and less-lethal weapons handling and judgment skills. The AIS Ltd. group designs and builds anti-terrorist and other special application training facilities for military and special operations groups, with installations in more than 60 countries. The Reality Response Division manufactures interactive simulation systems and synthetic environments that provide reality-based training for CBNRE (Chemical, biological, nuclear, radiological, explosive) hazard response tasks. Headquartered in Seattle, AIS is a privately owned company with offices in Washington D.C.; McLean, Virginia; Monterey, California; Orlando, Florida; Abu Dhabi, United Arab Emirates; Singapore, Malaysia; and London, England.
