

# INSTALLED TRAINER™ PRO

**AS REAL AS IT GETS...**

PRISim® InstalledTrainer™ Pro is a full-featured judgment evaluation and force options training system. By design, it creates a safe, effective and realistic learning environment for law enforcement, military and security professionals.

The PRISim® system places participants into an interactive environment to cause responses to potentially deadly mistakes, indecision, sudden fear, partial understanding, blindside surprise, eye-blink response and life or death choices.

PRISim® is a safe training tool that promotes positive learning and skills that are difficult to recreate by other training methods.

**ShootBack™**  
 (Optional)

**Sensor &  
 Projector**

**Less Lethal  
 Options**

**Modified Firearms**  
 (Un-tethered)

**Modified Firearms**  
 (Tethered)

**PRISim® Installed Trainer™ Pro**
